**Brookstone's Controller Earns Certified Construction Industry
Financial Professional Certification**

Houston, Texas, January 15, 2010 - Samantha Hutchison, Brookstone's controller recently earned her Certified Construction Industry Financial Professional Certification. Hutchison, also a CPA, is responsible for all of Brookstone's financial operations and is the current Vice President of the Houston Chapter of the Construction Financial Management Association. She joins fewer than 700 nationally who have earned the CCIFP certification.

Brookstone, L.P. is a Houston-based company that provides general contracting, construction management and design build services throughout the Texas region. For over 46 years, Brookstone has constructed commercial, educational, healthcare, industrial, religious, community and aviation facilities for a variety of public and private sector clients.
